OUR FILE NO. 40,163-001 DWC

August 31, 2011

Attention:

Dear

I am writing further to Thomas Lukaszuk's letter to you dated July 4th, 2011.

Mr. Hope and I would like to begin meeting with the various Stakeholders shortly in an effort to promote discussion on some of the key issues presently facing the Province of Alberta.

I am enclosing a list of the Stakeholders that were contacted by Minister Lukaszuk. Mr. Hope and I would like to receive input and/or meet with all of the Stakeholders as soon as possible. The meetings can be done individually or preferably in groups, on the phone or in person as circumstances dictate.

I am also enclosing a copy of a document prepared by the Construction Competitiveness Coalition which provides the views of that group with respect to many of the issues that we propose to deal with. The list of issues in that document is not meant to be exhaustive, so if you have any topics or issues you wish to "put on the table" please feel free to do so.

Mr. Hope and I are of the view that the most effective way of dealing with this process is to ask each of the Stakeholders to provide us with a brief written summary of their views on the various issues identified in the enclosed report (and any further issues that you wish to have addressed). We will then arrange to meet with those of you who wish to meet and discuss those issues in detail.

We intend to share the views of each Stakeholder with all of the other Stakeholders in an effort to promote discussion and dialogue amongst the interested parties.

We are hoping that all of the Stakeholders except the members of the

Construction Competitiveness Coalition (because they have already provided a summary) can have summaries back to us within the next 3 weeks so that we can commence meeting with all of you.

Mr. Hope and I would like to thank you, in advance, for your cooperation and we look forward to hearing from you.

Yours truly

NEUMAN THOMPSON
